CAREER OBJECTIVES

I am a learner who always tries to do work properly and with the new feature. I try to develop a web application using **React JS**. I am always ready to learn any technology or language with a new feature.

SKILLS

1. **COMFORTABLE:** React JS, React Router, React Bootstrap, Tailwind CSS, Material-Ui, HTML5, CSS3, Javascript, ES6
2. **Familiar:** Firebase Authentication, Node.js, Express.js, MongoDB
3. **TOOLS:** Github, VS Code, Microsoft Visual Studio Code, Netlify, Heroku, Firebase

PROJECTS

Doctors_Portal — Dental Care Website

[Live Website](#) | [GitHub\(Client\)](#) | [GitHub \(Server\)](#)

- It is a doctor's chamber website. Patients get appointments by the date.
- Patients and doctors can log in to this website using Google or an email password.
- A Patient shows all the services and books an appointment.
- A doctor can see all appointments of the date booked by the patient, show all **patients, and add a doctor**

Technologies Used

- **Front-End Technology:** HTML, CSS, React JS, Material-Ui, React Router, Firebase, React-Fontawesome
- **Back-End Technology:** Node.js, Express.js, MongoDB

Car_Store_BD — Car Selling Website

[Live Website](#) | [GitHub\(Client\)](#) | [GitHub \(Server\)](#)

- It is a car selling website. Anyone can order any car.
- Buyers or users can log in to this website using email and password.
- This website has an admin panel. An Admin can accept or remove anyone's order and can update the status there. Also, he can add a new car, delete any

car. He can make anyone admin. Overall he will have a different dashboard.

Technologies Used

- **Front-End Technology:** HTML, CSS, React JS, Material-Ui, React-Router, React-Fontawesome, Firebase
- **Back-End Technology:** Node.js, Express.js, MongoDB

Skill_Develop_Courses — Online Skill Develop Website

[Live Website](#) | [Github Code](#)

- It is an online skill-developing website. This website has different types of skill development courses.
- This website is fully responsive and runs smoothly.
- It is a front-end website.

Technologies Used

- HTML, CSS, React JS, React-Bootstrap, React-Router, React-Fontawesome

EDUCATION

Satkania Government College, Satkania, Chittagong — HSC (Science)

February 2022 — Present

ACHIEVEMENT

- **Course Completion — Web Development**, Programming Hero, Online.

LANGUAGE

1. **Bangla** -Native
2. **English** - Comfortable
